STOP DIARRHOEA CAMPAIGN

Swachh Gaon, Shudhh Jal-Behtar Kal

20th June-31st July, 2025

Background and Overview

Background of Stop Diarrhoea Campaign

The Ministry of Health and Family Welfare (MoHFW), India, rebranded its long-standing Intensified Diarrhoea Control Fortnight (IDCF) into the **STOP Diarrhoea Campaign** to achieve **zero child deaths due to diarrhoea**. The campaign adopted a **Prevent, Protect, Treat (PPT)** strategy and ran for **two months**, distributing **ORS and Zinc co-packs** to children under five, alongside extensive awareness and hygiene promotion

National Summary of 🚰 Swachh Gaon, Shudhh Jal – Behtar Kal Campaign

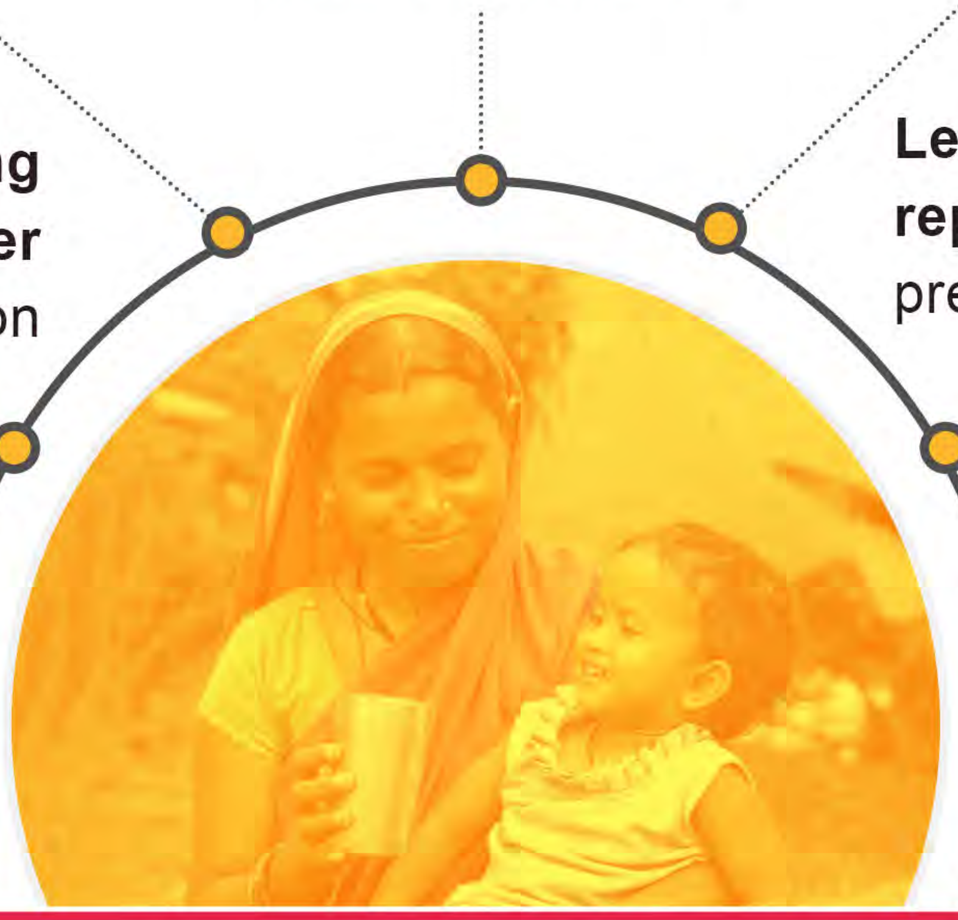
Running from **20th June to 31st July 2025,** this DDWS-led campaign complements the STOP Diarrhoea initiative of Ministry of Health and Family Welfare GoI by focusing on **safe water and sanitation practices** in rural India .The **Department of Drinking Water and Sanitation (DDWS)** partnered with MoHFW for the campaign, launching a parallel initiative titled **"Swachh Gaon, Shudhh Jal – Behtar Kal"**. This two-month drive promotes safe water and sanitation practices at village and panchayat levels, aligning with the campaign's public health goals

The campaign focus

Water quality testing using Field Test Kits, with results displayed in community spaces

Rainwater harvesting and greywater management promotion

Leakage detection and repair drives to prevent contamination



Special drives for IHHL & CSC construction to sustain ODF+ status

Sensitization workshops for local officials and communities

Campaign Activity Summary

Activities	Total
Total No. of water quality testing in the Anganwadi, school, health care facilities and Community Centres (all including districts/ blocks, etc).	2,75,566
Total no of Districts Water & Sanitation Mission (DWSM) meetings held.	618
Total no. of Trainings conducted for local communities, organizations, and government officials on water management, sanitation, and hygiene promotion.	11,379
Total No. of community-led IEC events on safe water & hygiene conducted against planned.	32,798
Total no of Districts Water & Sanitation Mission (DWSM) meetings held.	5,033
Total no of Public awareness campaigns on the importance of water hygiene and its impact.	27,083
Total no of Local communities/ NGOs/ ISAs (Implementing Support Agencies) engaged for maintaining clean water sources.	5,410
Total no of Assessments of water supply infrastructure in rural areas.	16,873
Total no of Leakages detected and repaired.	16,141
Total no of Promotional activities conducted around sanitation awareness through community	11,265
Total no of activities carried out around sustaining fecal sludge management in rural areas.	1,532
Total no. of transit walks with Panchayat Members, to raise awareness about the health risks associated with OD and its health risks	9,269

Social Media Report

The Department of Drinking Water and Sanitation (DDWS), Ministry of Jal Shakti, actively participated in the nationwide “Stop Diarrhoea Campaign” from June 20 to July 31, 2025, through a focused digital outreach using the hashtag #DDWSJoinsStopDiarrhoea. The campaign aimed to raise awareness about diarrhoea prevention through safe drinking water, sanitation, and hygiene practices.

The hashtag received 640 mentions from 172 unique authors, generating over 2.8 million impressions and reaching 1.1 million users organically. Prominent contributors included government handles such as @swachhbharat, @CMOfficeAssam, and @PRDeptOdisha, amplifying key messages around handwashing, use of ORS, clean water, and hygienic practices.

The sentiment analysis showed that 87% of the posts were neutral, 4% positive, and 9% negative, with a gender split of 86% male and 14% female contributors. The most used hashtags alongside the campaign included #StopDiarrhoeaCampaign, #JalJeevanMission, #HarGharJal, and #SwachhBharat, reflecting strong alignment with national missions.

Posts emphasized simple preventive measures such as regular handwashing, exclusive breastfeeding for six months, use of toilets, and vaccination against rotavirus and measles. The campaign also highlighted community efforts like cleaning water tanks and surroundings under the “Swachh Gaon, Shudh Jal – Behtar Kal” initiative.

Overall, the digital campaign successfully mobilized public awareness and reinforced the importance of clean water and sanitation in preventing diarrhoeal diseases, contributing to the broader goal of a healthier and swachh Bharat.

DIARRHOEA: THE RUNS EXPLAINED

- Diarrhoea is the body's way of trying to get rid of germs or **toxins in the intestine**
- Heavy rains can increase the risk of diarrhoea by **contaminating water sources** and promoting the growth of germs
- Hydration is key as frequent sips of clean water or **oral rehydration solution** (ORS) prevent water loss

- Stick to easily digestible foods like rice, bananas and apple sauce. **Avoid greasy or spicy foods**

- Wash hands thoroughly with **soap and water**, especially after diaper changes and before food preparation
- If diarrhoea is severe, bloody, or accompanied by a **high fever**, **consult a doctor** immediately

ग्रामीणों को डायरिया के प्रति किया जा रहा जागरूक

पथरिया। डायरिया की रोकथाम के लिए लोक स्वास्थ्य यांत्रिकी विभाग की ओर से 20 जून से 31 जुलाई तक स्टॉप डायरिया अभियान चलाया जा रहा है, जिसमे ग्रामीणों एवं स्कूली बच्चों को डायरिया का रोकथाम के लिए जागरूक किया जा रहा है। कलेक्टर कुंदन कुमार के निर्देशन एवं लोक स्वास्थ्य यांत्रिकी विभाग के कार्यपालन अभियंता कुंदन राना के मार्गदर्शन चलाए जा रहे अभियान में स्वच्छ गांव-शुद्ध जल-बेहतर कल पर केंद्रित इस मुहिम में जागरूकता कार्यक्रम आयोजित कर डायरिया से बचाव

के तरीकों से लोगों को अवगत कराया जा रहा है। उन्हें बताया जा रहा है की दूषित जल, गंदगी और अस्वच्छ खानपान से डायरिया फैलती है। इसके लिए लोगों को हमेशा उबला या फिल्टर पानी पीने, खुले में शौच न करने और भोजन को ढककर रखने की सलाह दी जा रही है। वहीं जीवाणु परिक्षण के लिए ग्रामीणों को एच 2 एस वाइल्स का वितरण किया जा रहा है। इस अभियान में सक्रिय महिला संगठन की सदस्य, जल बहनी एवं ग्रामीण बढ़-चढ़ हिस्सा ले रहे हैं।

गंदा पानी डायरिया की बड़ी वजह है। नल के शुद्ध जल से इस खतरे से बचा जा सकता है।

फिर भी अगर दस्त हो, तो ओआरएस ज़रूर लें।

आइये डायरिया की रोकथाम करें, मिलकर काम करें।

ASSAM

Along with the rest of the country, Assam also successfully launched the Stop Diarrhoea Campaign across the state with active participation from all the District Water and Sanitation Missions under Jal Jeevan Mission, Assam. As part of the campaign, the district-level offices conducted extensive community programmes including community meetings, household visits to sensitize families on safe drinking water and ideal WASH practices; School awareness drives to educate children on the importance of using potable water and WASH practices; Field demonstrations and water quality testing, encouraging communities to get their water samples tested in PHED laboratories, etc.

The key activities carried out during the campaign period (20th June – 31st July) are summarized below:

1. **82 Trainings** were conducted for local communities, organizations, and government officials on water management, sanitation, and hygiene promotion.

2. **Training programmes for ASHAs** were organized on the use of Field Test Kits (FTKs) and water laboratory facilities to build local capacity for water quality monitoring.

3. **38 District Water and Sanitation Mission (DWSM) meetings** were convened to review progress and ensure effective coordination at the district level.

4. **61 Public awareness campaigns** were organized to sensitize communities on the importance of safe water and hygiene practices in diarrhoea prevention.

5. **416 local communities/NGOs/Implementing Support Agencies (ISAs)** were engaged for maintaining clean water sources and promoting community-led action.

These activities have significantly contributed towards enhancing community awareness and strengthening preventive measures against diarrhoeal diseases, while reinforcing the commitment of Jal Jeevan Mission, Assam to provide safe drinking water to every rural household.

Stop Diarrhoea Campaign 2025

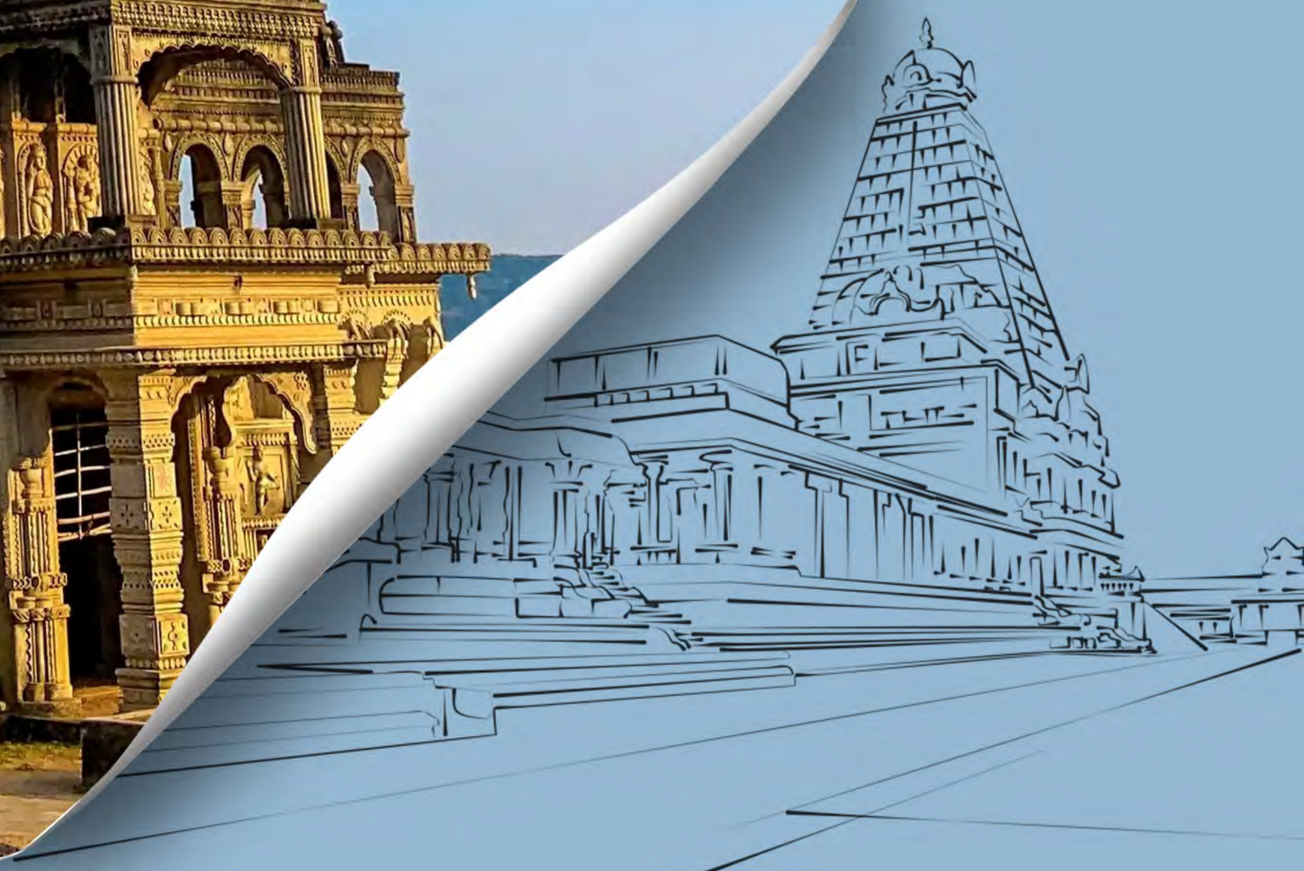
CHHATTISGARH



The "Stop Diarrhoea" Campaign, implemented in Chhattisgarh under the Jal Jeevan Mission from June 20th to July 31st, 2025, represents a comprehensive and strategic intervention aimed at mitigating the prevalence of diarrheal diseases within the state's rural communities.

The campaign undertook a systematic and exhaustive evaluation of water sources across 377 participating villages. Over 736 awareness activities and meetings were conducted by Village Water and Sanitation Committees (VWSCs) throughout the state, engaging a total of 1,45,069 rural community members in awareness creation activities at the village level. A total of 377 water samples were tested for water quality in Anganwadi centers, schools, healthcare facilities, and community centers throughout the state. Additionally, 67 village-level Field Test Kit (FTK) training sessions were conducted by Jal Bahinies within the state.

Chhattisgarh

Chhattisgarh

Chhattisgarh

GUJARAT

In Gujarat, a total of 5,908 water quality tests were conducted. The state organized 33 DWSM meetings and 0 training sessions. A total of 5,908 IEC events and public awareness campaigns were carried out. On-ground teams have used FTKs to check drinking water safety.

2,000+ schools have undergone water quality testing.
3,500+ Anganwadis have been tested to ensure safe drinking water availability.

The **Stop Diarrhoea 2025 Campaign** is a vital step toward safeguarding children's health by combining **healthcare measures with clean water initiatives.** Continuous monitoring, awareness programs, and inter-departmental collaboration will be crucial to achieving the mission's success.

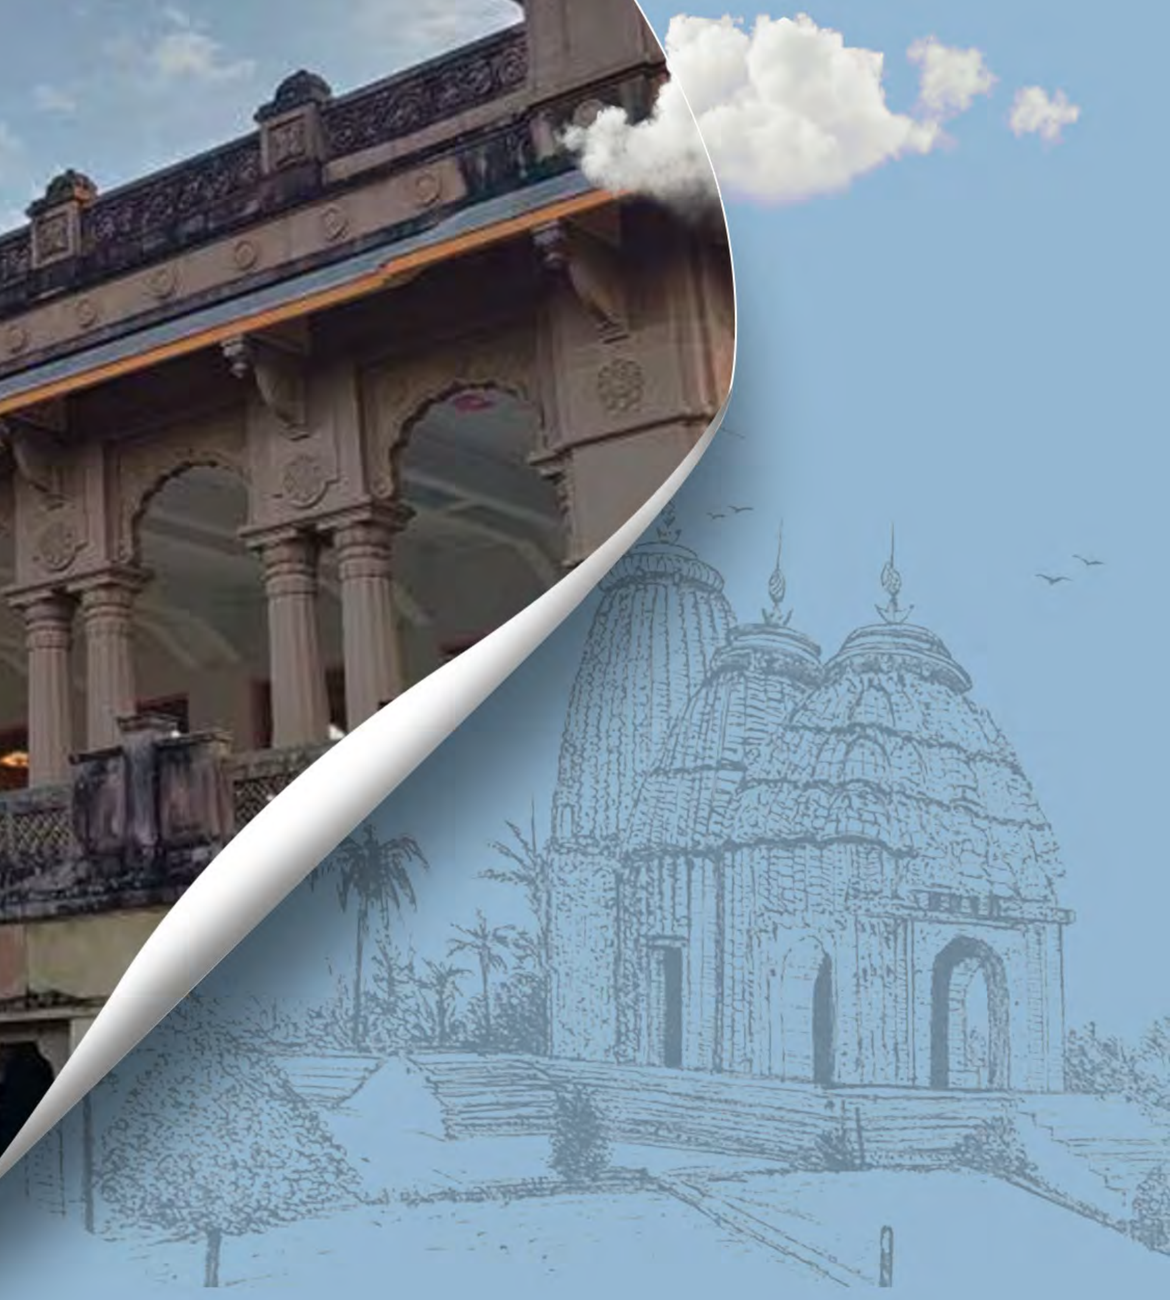
HIMACHAL PRADESH

हिमाचल प्रदेश में जल शक्ति विभाग द्वारा 20 जून से 31 जुलाई तक 'स्टॉप डायरिया कैंपेन' का आयोजन पूरे देश के साथ समन्वय में किया गया। इस अभियान का उद्देश्य बरसात के मौसम में जल स्त्रोतों के प्रदूषित होने की आशंका को देखते हुए सुरक्षित पेयजल उपभोग के लिए जन-जागरुकता फैलाना और डायरिया की रोकथाम सुनिश्चित करना था। अभियान के अंतर्गत एफटीके (Field Test Kit) के माध्यम से जल शक्ति विभाग के ब्लॉक रिसोर्स कॉर्डिनेटर और गांवों में प्रशिक्षित महिलाओं द्वारा आंगनबाड़ी केंद्रों, स्कूलों, स्वास्थ्य केंद्रों और सामुदायिक स्थलों पर पेयजल की गुणवत्ता जांच की गई। इस दौरान कुल 16,613 स्थानों पर जल गुणवत्ता की जांच की गई।

पेयजल जांच के साथ-साथ जल स्त्रोतों, भंडारण टैंकों, आंगनबाड़ी, स्कूलों, स्वास्थ्य केंद्रों और सामुदायिक स्थलों पर लगे टैंकों की सफाई और क्लोरीनेशन का कार्य भी किया गया। इसके अतिरिक्त, 255 ऐसे केंद्र चिन्हित किए गए जहां सामुदायिक संस्थाओं और सरकारी कर्मियों को जल प्रबंधन, सामुदायिक एवं व्यक्तिगत स्वच्छता को बढ़ावा देने हेतु प्रशिक्षण प्रदान किया गया। साथ ही, 76 स्थानों पर जल स्वच्छता विषयक जन संवाद और प्रचार कार्यक्रम आयोजित किए गए।

Himachal Pradesh

JHARKHAND



In Jharkhand, the campaign saw robust engagement with 93 DWSM'S meetings held. A total of 6,754 promotional activities around sanitation awareness were conducted, alongside 8,445 community-led IEC events and 7,797 public awareness campaigns. The state also carried out 1,299 activities focused on sustaining fecal sludge management and organized 5,408 transit walks with Panchayat members. Additionally, 4,656 training sessions were conducted for local communities and officials.

Jharkhand

KARNATAKA

In Karnataka, 60 DWSM meetings were held. The state conducted 4,382 promotional activities, 4,598 IEC events, and 2,973 public awareness campaigns. It also undertook 226 fecal sludge management awareness activities and 3,821 transit walks. A total of 3,624 training sessions were organized.

Diarrhoea can be prevented by following basic steps such as:
👉 Washing hands with soap and water
👉 Using clean and safe drinking water
👉 Adequate nutrition
👉 Hygienic surroundings
👉 Vaccination against rotavirus and measles
👉 Always using toilet
👉 Vitamin A supplementation
Let's all do our part as responsible citizens and contribute towards a healthier society.

राज्य पेयजल एवं स्वच्छता मिशन, उत्तर प्रदेश @upswsm · Jul 2

जहां घर और आस-पास रहे साफ- सुथरा, वहां बीमारियों की नहीं होगी गुंजाइश।

आइए मिलकर स्वच्छता को अपनाएं और डायरिया जैसी गंभीर बीमारी को हमेशा के लिए दूर भगाएं।

राज्य पेयजल एवं स्वच्छता मिशन, उत्तर प्रदेश @upswsm · Jul 14

डायरिया से डरें नहीं, सजग बनें और अपने बच्चों को स्वस्थ रखें!
थोड़ी सतर्कता और सही जानकारी से डायरिया को आसानी से रोका जा सकता है।
